FinTech & Blockchain Technology

Patrick GERMANÒ is a entrepreneur, investor, business coach and mentor. He has developed several businesses in the field of Information & Communication Technology, FinTech, Blockchain & Cryptoassets. Funds & Alternative Investment

Cryptocurrency

We enable people to easily take advantage of all the benefits that cryptocurrencies offer while mitigating the associated risks, and help them diversify their sources of income by investing into professionally crafted portfolio leveraging cryptoassets.

Digital platform

Patrick GERMANÒ has partnered with key professional partners with the expertise to provide services to clients.

INBS & MAINSTON is a digital platform that offers the best world-class opportunities, innovative products and services, ease of use and simplicity in the palm of your hands.

LET'S CONNECT

International speaker

Patrick GERMANÒ speaks in multiple countries while educating and defending the notion of cryptocurrencies, Blockchain

technology and the opportunities it offers to disrupt traditional brick and mortar businesses.

Business only

Let me help you transform your business into a successful enterprise

Over time, I have reaffirmed my belief and values as an entrepreneur, a forward thinker and I regard myself as a strategic individual who is not afraid to take high and moderately calculated risks that will yield great results.

Expert leadership is all it takes

We have helped our clients to optimize their business processes by implementing new solutions and have a competitive advantage in their respective markets.

Take actions and then get to work

Most people today are afraid to recognize that they have a burning desire to accomplish something greater than what they currently do. Daily, they feel the void, a burning desire to do something different but are afraid of taking responsibility for the actual reality there is in owning their dreams.
